9. pitcher

For most realistic league play, when possible, allow only the pitchers preceded by an asterisk to start once every four games (3 game rest between starts.) All other starting pitchers should start once every 5 games (4 game rest between starts).

For those players whose error ratings exceed the advanced fielding chart, use the maximum advanced error rating. When playing super advanced use the listed rating. For example, a player with a super advanced rating of 71 at 2b becomes 41 in the advanced game.

The following players have different fielding ratings in the basic and advanced games: Allison (Wash), Alou (SF), Hoak (Pitt), Javier (St. L), Malzone (Bos), Marshall (SF), McDougald (NYA), Runnels (Bos), Virgil (Det), and Willis (LA).
