 1-12
 Wise (Phil)
 1-12

For most realistic league play, when possible, allow only the pitchers preceded by an asterisk to start once every four games (3 game rest between starts). All other starting pitchers should start once every 5 games (4 game rest between starts). We also suggest that all players be restricted to their actual number of at bats or innings pitched. Many thanks to Retrosheet for all their help and research with the 1966 season boxscores.
