

For most realistic League play, when possible, allow only above pitchers preceded by an asterisk to start once every four games (3 games rest between starts). All other starting pitchers should start once every 5 games (4 game rest between starts).

Below is a coupon containing prices of miscellaneous Strat-O-Matic Baseball items. All are self-explanatory with the exception of the 20 nameless player cards. Nameless Player Cards are nameless cards fully computed and statistically setup. You will therefore be in a position to create cards for rookies and veterans not included in the "top 400". This is accomplished by designating a nameless card to be the equivalent in ability to an individual rookie playing a major role in the 1966 pennant race.
