*For most realistic League play, when possible, allow only above pitchers preceded by an asterisk to start once every four games (3 games rest between starts). All other starting pitchers should start once every 5 games (4 game rest between starts). Also, we suggest that Hinton of Cleveland, Gibbs of New York, Crosby of St. Louis, and all 96 additional players be used in secondary roles.

In addition to the top 480 players, we are releasing for our most avid baseball fans, 96 additional players or 4 players per team from the 1970 season. By adding these players to the rosters of the top 480 players, you can have 24 players per team. It must be noted that several of the additional player cards are based on insufficient 1970 statistical data. The 96 additional players may be purchased as a separate unit only for the special price of \$2.00. Individual players will not be sold from this unit. A listing of all 96 additional players (48 additional players - American League and 48 additional players - National League) may be found on this roster sheet. With each purchase of 96 additional players, four extra players will automatically be included free of charge (our Strat-O-Matic Extras Flyer does not mention this free bonus). As none of the four extra players will have a team name indicated on their cards, you must write the team name in. Below is a list of the four involved players, teams played for (last team mentioned is team of record at season's end) and number of games pitched.

Dean Chance	- Cleveland	- 45,	New York Mets	- 3
Jim Grant	- Oakland	- 72,	Pittsburgh Pirates	- 8
Ron Herbel	- San Diego	- 64,	New York Mets	- 12
Hoyt Wilhelm	- Atlanta	- 50,	Chicago Cubs	- 3

You may eliminate a player of your choice from each team that receives one of the above pitchers. Please do not write Strat-O-Matic Game Co., Inc. regarding the above, as only your judgement is involved in this matter.
